Narrative: packages were taken then re-taped and placed back in the lobby.

. Spoke with the COM, who got two packages today and the plastic packages were sealed by clear packing tape. It is unknown if someone took the packages by mistake and opened them or it was shipped this way. Both items in the bags were there and undamaged. COM just wanted this documented in case someone did open the packages intentionally without knowing they were for them. No surveillance cameras in apt building and the mail room is an unlocked common area
