Dave Yost • Auditor of State

Members of City Council
City of Lakewood
12650 Detroit Avenue
Lakewood, Ohio 44107

We have reviewed the *Independent Auditor's Report* of the City of Lakewood, Cuyahoga County, prepared by James G. Zupka, CPA, Inc., for the audit period January 1, 2012 through December 31, 2012. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Lakewood is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Members of City Council and
Members of the Audit Committee
City of Lakewood, Ohio

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lakewood, Cuyahoga County, Ohio (the City), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City of Lakewood, Ohio's basic financial statements, and have issued our report thereon dated May 23, 2013, wherein we noted that the City adopted Governmental Accounting Standards Board (GASB) Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Lakewood, Ohio's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Lakewood, Ohio's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Lakewood, Ohio's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Lakewood, Ohio's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Lakewood, Ohio's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Lakewood, Ohio's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY OMB CIRCULAR A-133**

To the Members of City Council and
Members of the Audit Committee
City of Lakewood, Ohio

Report on Compliance for Each Major Federal Program

We have audited the City of Lakewood, Cuyahoga County, Ohio's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City of Lakewood, Cuyahoga County, Ohio's major federal programs for the year ended December 31, 2012. The City of Lakewood, Ohio's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Lakewood, Ohio's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Lakewood, Ohio's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Lakewood, Ohio's compliance.

Opinion on Each Major Federal Program

In our opinion, the City of Lakewood, Ohio, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2012.

Report on Internal Control Over Compliance

Management of the City of Lakewood, Ohio, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Lakewood, Ohio's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Lakewood, Ohio's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have also audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lakewood, Ohio, as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City of Lakewood, Ohio's basic financial statements. We issued our report thereon dated May 23, 2013, which contained unmodified opinions on those financial statements. Our opinion also explained that the City of Lakewood, Ohio, adopted Governmental Accounting Standards Board (GASB) Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**CITY OF LAKEWOOD
CUYAHOGA COUNTY, OHIO
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2012**

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Expenditures of Federal Awards of the City of Lakewood, Ohio summarizes the activity of the City's federal award programs. The Schedule has been prepared on the cash basis of accounting.

NOTE 2: SUBRECIPIENTS

The City passes through certain federal assistance received from the U.S. Department of Housing and Urban Development (HUD) to other governments or not-for-profit agencies (subrecipients). As described above in Note 1, the City records expenditures of federal monies to subrecipients when paid in cash.

The subrecipient agencies have certain compliance responsibilities related to administering these federal programs. Under OMB Circular A-133, the City is responsible for monitoring subrecipients to help assure that federal awards are used for authorized purposes in compliance with laws, regulations, and the provisions of contracts or grant agreements, and that performance goals are achieved.

NOTE 3: MATCHING REQUIREMENTS

Certain federal programs require that the City contribute non-federal funds (matching funds) to support federally funded programs. The City has complied with the matching requirements. The expenditures of non-federal matching funds is not included on the Schedule.

NOTE 4: U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT AND HOME PROGRAM GRANTS

The City has established a revolving loan program to provide low-interest loans to persons from low to moderate income households to rehabilitate their homes. The U.S. Department of Housing and Urban Development (HUD) grants monies for these loans directly to the City. The initial loan of these monies is recorded as a disbursement on the accompanying Schedule. Loans repaid, including interest, are used to make additional loans. Such subsequent loans are subject to certain compliance requirements imposed by HUD, but are not included as disbursements on this Schedule. These loans are collateralized by mortgages on the property. At December 31, 2012, the gross amount of loans outstanding under this program is \$1,711,891. The Emergency Shelter Grant and the Homelessness Prevention and Rapid Re-Housing Program Grant are directly received by the City. HUD's HOME Program grant is passed through the Cuyahoga County Housing Authority Consortium.

**CITY OF LAKEWOOD
CUYAHOGA COUNTY, OHIO
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2012
(CONTINUED)**

NOTE 5: U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES AND SPECIAL PROGRAMS FOR THE AGING

The U.S. Department of Health and Human Services grants are passed through the Western Reserve Area Agency on Aging.

NOTE 6: FOOD DISTRIBUTION

The U.S. Department of Health and Human Services allocated \$96,866 to the City for the Congregate Meal Program and the Home Delivered Meal Program, and these funds were passed through the Western Reserve Area Agency on Aging. Meals received from the Western Reserve Area Agency on Aging are valued at \$3.55 for the Congregate Meal Program per meal served and \$3.59 for the Home Delivered Meal Program per meal served. For the year ended December 31, 2012, the City served 18,709 and 20,858 meals through the City's Office on Aging Congregate Meal Program and Home Delivered Meal Program, respectively.

Jennifer R. Pae
Director of Finance

May 23, 2013

Dear Members of Council,
and the Citizens of the City of Lakewood:

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Lakewood (the “City”) for the year ended December 31, 2012.

This report enables the City to comply with Ohio Administrative Code Section 117-2-03(B), which requires reporting on a Generally Accepted Accounting Principles (GAAP) basis, and Ohio Revised Code Section 117.38, which requires the cities reporting on a GAAP basis to file unaudited General Purpose External Financial Statements with the Auditor of State within 150 days of year end.

The City, and more specifically the Department of Finance, assumes responsibility for the accuracy, completeness, and reliability of presentation based upon a comprehensive framework of internal control that has been established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The independent public accounting firm of James G. Zupka, C.P.A., Inc., has issued an unmodified opinion on the City of Lakewood’s financial statements for the year ended December 31, 2012. The Independent Auditor’s Report is located at the front of the financial section of this report.

The Management’s Discussion and Analysis (MD&A) immediately follows the Independent Auditor’s Report, and provides a narrative introduction, overview, and analysis of the Basic Financial Statements. The MD&A complements this letter of transmittal, which should be read in conjunction with it.

City of Lakewood’s Profile

The City, located in northeast Ohio on the shores of Lake Erie and five miles west of downtown Cleveland, is primarily a residential community covering 5.66 square miles. The City’s population according to the 2010 Federal Census was 52,131. The City enjoys close proximity to major cultural, educational and medical facilities in Northeast Ohio, as well as ease of access to many interstate highways and Cleveland Hopkins International Airport, which makes it a desirable location for residents and commercial enterprise.

The City was incorporated in 1911. The City operates and is governed by the laws of the State of Ohio and its own charter that provides for a mayor-council form of government. The City’s chief executive and administrative officer is the Mayor, who is elected to a four-year term and serves in a full-time capacity. Legislative authority is vested in a seven member council, which consists of three at-large and four ward representatives. Council members are elected to four-year terms. All members of Council serve in a part-time capacity. The Lakewood Municipal Court provides judicial services for the City.

Established by charter, the municipal government consists of six departments. A director, who is appointed by and reports directly to the Mayor, heads each department. All directors work closely with the Mayor to provide quality services to the citizens of the City.

The Law Department, under the direction of the City's Law Director, functions as the attorney for the City and its officials by providing legal advice to the Mayor, City Council and all departments. The Law Department represents the City in all court proceedings and before any administrative body. The Law Department prepares legislation, contracts, and all legal documents to ensure all business of the City is conducted in a proper and legal manner.

The Finance Department performs the following administrative functions: financial reporting, general accounting, including accounts receivable and accounts payable, payroll, purchasing, debt issuance, cash management, risk management, income tax collection, utility billing, vital statistics, and computer information services.

The Department of Public Works is responsible for the administrative control and supervision of eight divisions -- Parks and Public Property, Streets and Forestry, Fleet Management, Water and Wastewater Collection, Wastewater Treatment, Refuse and Recycling, Engineering and Winterhurst Ice Rink.

The Department of Public Safety consists of the Division of Police, the Division of Fire and the Division of Housing and Building. The Mayor serves as the ex-officio Director of Public Safety and appoints the chiefs of the Divisions of Police and Fire. The chiefs have exclusive control of assignment of duties and stationing of all other officers and employees of their respective divisions. The Division of Building and Housing is under the Department of Public Safety, but is overseen by the Director of Planning and Development.

The Department of Planning and Development coordinates long-range planning, zoning, and economic development for the City as well as administers the federal Community Development Block Grant Funds awarded to the City by the U.S. Department of Housing and Urban Development. The Department works directly with the Lakewood Planning Commission, the Board of Zoning Appeals, the Board of Building Standards/Architectural Board of Review and Sign Review Board, the Lakewood Heritage Advisory Board, and the Citizens Advisory Committee.

The Department of Human Services provides a continuum of responsive programs and services that enhance and promote the health and well-being of individuals, families, and the community. The department is comprised of the Aging, Youth, and Early Childhood divisions.

Local Economy

The City has fared well compared to its peer cities despite a challenging national and regional economy. The City's population density, cost of living and access to regional resources buttress the local economy.

Employment

The City's 2012 unemployment rate was 6.0 percent, while neighboring Cleveland's unemployment rate was around 8.2 percent. Throughout the year, all Cuyahoga County communities experienced unemployment trends that decreased from the previous year. Trends continue to suggest that unemployment rates will hold steady or slightly decrease in 2013. The City benefitted from new retail and office assets that yielded job retention and expansion in 2012 that will carry forward into 2013. The City's largest employers continue to remain steady and show modest job growth. Since most of the City's homeowners work outside the City, the regional economy has the largest impact on household income.

Retail

The City's retail occupancy increased in 2012 for the fifth year in a row, in stark contrast to regional and national trends with Detroit Avenue holding occupancy at more than 90 percent. The City's population density and lower rents provided a value option for retail growth in addition to the readily available service retail workforce. As Detroit Avenue continues to see new investors and expansion of existing businesses, the City expects that retail occupancy will continue to trend upward in 2013.

The City continues to invest strategically in small business via storefront renovation grants and in 2012 proactively worked with a wider range of business owners to provide design assistance to improve appearance and quality of renovations.

Commercial Office

The City's commercial office sector filled in 2012 more rapidly due major building renovations that took place in 2011. The INA and Bailey Buildings continue to attract tenants and is currently at 90percent occupancy. Lakewood Center North, the City's largest office building, saw significant vacancy in recent years due to its unstable ownership status. At the end of 2012, Kowit and Passov acquired the building and will begin renovating office space.

Industrial

The former Lake Erie Screw site, renamed the Templar Automotive Industrial Complex, continues to be a small industrial business attractor, surpassing 80 percent occupancy. In 2012 two major fitness tenants, Crossfit Birdtown and the Wrestling Factory, took over significant spaces. Omni, the building owners, have been creative in developing flexible space for a variety of tenants and are filling the building by becoming Lakewood's most diverse mixed use location.

Residential

The City launched its new housing strategy in 2012 called Housing Forward. The strategy is a combination of proactive, focused code enforcement and coordinated outreach and education efforts to assist homeowners. As a basis for Housing Forward, the City completed a citywide housing survey that evaluated and ranked the exterior condition of the community's 13,000 single and two-family homes. As a result of the survey, approximately 1,700 homes were identified as having significant repair need. Through code enforcement, outreach and collaboration with local non-profits, the City was able to motivate improvement to 50 percent of these problem properties. The same strategy is being applied in 2013 with a goal of reducing the remaining challenged properties by 75 percent.

In 2012, the City continued with the acquisition and rehabilitate of single family homes via federally funded programs. Last year, Community Development competed for additional grant dollars and was awarded \$250,000 in Neighborhood Stabilization Funds to expand the rehabilitation program. Additionally, the City partnered with Habitat for Humanity to construct two new single family homes on sites that were formerly occupied by blighted structures.

Investment properties represent two-thirds of foreclosure activity in Lakewood, giving promise to the relative stability of owner-occupied doubles and single family homes. Encouraged by federal and local incentives, first time homebuyers have seen a flurry of activity throughout 2012.

Major Initiatives

In late 2011, the City of Lakewood Administration developed the following Government Objectives that were be used as the guideline for initiatives and improvements within City Hall and throughout the community during 2012. The following lists the objectives and accomplishments during 2012.

1. Continue to provide core services that meet the needs of all our citizens.
 - a. Support and improve Police, Fire, EMS, Refuse, Streets and other Public Works.
 - Maintained full public safety staff levels 94 Police Officers, 87 Fire Fighter/EMT
 - b. Use technology to create focus and alignment of City resources, such as SharePoint and GIS.
 - Installed internal Web platform (SharePoint) to improve information shagging, searching, data collection, and internal collaboration.
 - c. Continued accountability and stewardship of City assets.
2. Right-size our local government in response to severe revenue reductions imposed by the State of Ohio.
 - a. Reengage CitiStat using a Lean / Kaizen focus.
 - Launched two LEAN teams focusing on Building & Housing Code Violations and the functions of the Division of Aging.
 - b. Leverage normal attrition to reshape our organization.
 - c. Prepare for the 2013 collective bargaining discussions.
 - d. Continue to explore shared service and collaboration opportunities with neighboring communities and other services providers.
 - e. Pursue aggressive collection of accounts receivable.
 - Installed upgraded Accounts Receivable modules to improve collections, and entered into a contract with the Ohio Attorney General's Office to pursue delinquent EMS and prisoner bills.
3. Improve ease and speed of customer access to information, answers, concerns and opportunities.
 - a. Improve skills with existing technologies.
 - b. Identify, review and train employees to address citizens' needs.
 - c. Use emerging media to more effectively communicate both externally and internally.
 - d. Develop document management strategies.
 - Installed Microsoft SharePoint internal web platform to capture, search and share information
4. Strengthen our housing stock.
 - a. Escalate proactive code enforcement.
 - b. Utilize housing survey results to create focus and compliance.
 - Targeted 15percent of housing stock (1,700 houses) identified as having multiple exterior violations (85percent of houses in good to excellent condition)
 - c. Improve performance of interdepartmental housing intervention team.
 - d. Continue implementation of landlord performance initiatives.
 - e. Provide more resources to the property investment initiative to expedite appropriate action.

5. Strengthen our commercial corridors with products and services that support Lakewood citizens.
 - a. Attract appropriate investment.
 - b. Support current investments.
 - c. Support the Main Street strategies of Lakewood Alive.
 - Worked through major investments of several demolition /rebuilt on Detroit Ave.

6. Aggressively protect our citizens and their property.
 - a. Maintain appropriate public safety manpower levels.
 - Maintained full roster of Police/Fire/EMS despite financial pressures to reduce costs
 - b. Focus on criminal and property nuisance behaviors.
 - c. Leverage technology to improve effectiveness.
 - Video surveillance in public spaces.
 - Enhance vehicle communication technology and training to support our first responders.
 - d. Identify more creative solutions to automobile speeding behaviors.

7. Engage our citizens as active participants in opportunities and threats.
 - a. Create an effective coordination of volunteers of citizens in need to support basic needs such as shelter, food, and day-to-day support.
 - Continued monthly Listen to Lakewood sessions
 - b. Promote and develop healthier and more sustainable community initiatives.
 - Conducted Human Services Summit with 35 government and nonprofit service providers to gain strategic focus and identify trends, and government's role.

8. Address regulatory compliance deadlines imposed by Federal Agencies.
 - a. EPA: Storm water runoff compliance.
 - Continued storm water volume analysis, sewer separation projects, and EPA audit
 - b. FCC: Public safety narrow band radio compliance.
 - Installed new narrowband 800Mhz communications, including state of art dispatch technology

9. Vigorously work with our citizens and partners to address major changes in healthcare law and marketplace forces.
 - a. Create appropriate forums to explain, discuss and create consensus regarding Lakewood Hospital.
 - Worked with Hospital Trustees to identify appropriate strategic steps in anticipation of lease expiration in 2027.

Long-Term Financial Planning

According to Article VIII, Section 3 of the City of Lakewood Second Amended Charter, the Director of Finance shall annually prepare and submit to the Mayor and Council a recommended five-year financial plan for the City's operating and capital needs. The Director's recommended financial plan shall be prepared after consultation with the Mayor and heads of other City departments affected thereby. Such recommended financial plan shall be advisory only and need not be followed in the adoption of the City's tax budget, annual, temporary or supplemental appropriation measures or ordinances, resolutions or other actions concerning capital programs or permanent improvements.

The City also utilizes long-term planning for the future of capital projects. A five-year capital plan is updated annually, which lists all capital projects by year, as well as expected funding sources. The funding sources are reconciled to estimated balances and revenues to ensure that proper resources will be available for the project when a contract is signed.

Recognition, Awards and Acknowledgements

Recognition: Once again, Scene Magazine named Lakewood as the Best Suburb in their Best of Cleveland 2012 article. "Nowhere in Northeast Ohio do so many cultures mesh so harmoniously as they do in Lakewood, Cleveland's suburban sister to the west. It's the perfect gathering place thanks in no small part to its wonderful restaurants, its rollicking bars and clubs, and its quirky small businesses that line every major street. And it's the perfect place to call home thanks to its bountiful and hardy old homes, for its overachieving schools, its bucolic parks, and its pervasive sense of neighborhood pride and unity. It's why citizens young and old settle into Lakewood like a comfy chair," states Scene Magazine.

Awards: The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Lakewood for its Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2012. This was the 31st consecutive year the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of only one year. The Finance Department believes the current CAFR continues to meet the Certificate of Achievement Program's requirements, and is submitting it to the GFOA for determination of eligibility for another certificate.

Acknowledgements: This Comprehensive Annual Financial Report was prepared by the Finance Department with the dedicated services of its entire staff, as well as with support of numerous departments throughout the City. In addition, we would like to thank the members of City Council for their continuing support toward the preparation of this report.

On behalf of the City, we want to personally thank our auditors from the firm of James G. Zupka, CPA, Inc. We would also like to thank the auditor's staff for their efforts and professional conduct throughout the audit engagement.

Respectfully submitted,

Michael P. Summers

INDEPENDENT AUDITOR'S REPORT

To the Members of City Council and
Members of the Audit Committee
City of Lakewood, Ohio

The Honorable David Yost
Auditor of State
State of Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lakewood, Cuyahoga County, Ohio (the City), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lakewood, Ohio, as of December 31, 2012, and the respective changes in financial position, and, where applicable, cash flows thereof, and the respective budgetary comparison for the General Fund, the Police and Fire Pension Fund, and the Community Development Block Grant Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 3 to the financial statements, during 2012 the City adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Lakewood, Ohio's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 23, 2013, on our consideration of the City of Lakewood, Ohio's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Lakewood, Ohio's internal control over financial reporting and compliance.

City of Lakewood, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2012
Unaudited

The discussion and analysis of the City of Lakewood's (the City) financial performance provides an overall review of the City's financial activities for the year ended December 31, 2012. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter and the basic financial statements to enhance their understanding of the City's financial performance.

Financial Highlights

Key financial highlights for 2012 are as follows:

- Overall, governmental activities revenues of \$52,475,691 exceeded the expenses which came in at \$46,929,438 resulting in an increase in net position by \$6,728,803 for the year 2012. The total governmental activities' net position was \$58,604,857 compared to \$51,876,054 in the previous year.
- Overall, business-type activities revenues of \$21,944,834 exceeded the expenses which came in at \$16,876,881 resulting in an increase in net position by \$3,885,403 for the year 2012. The total business-type activities' net position was \$59,707,227 compared to \$55,821,824 in the previous year.
- The City issued bond anticipation notes and bonds during 2012 to refund the various improvement 2003 bonds (governmental and business-type activities), rollover of bond anticipation notes, and additional resources for roadway improvements to ten streets, traffic signalization upgrades on Detroit Avenue, City Hall roof replacement and refuse facility repairs.
- The City is committed to providing the Citizens of Lakewood with the highest quality of services while maintaining efficiency and cost effectiveness. The City actively pursues grants to offset costs of providing services and to offer new programs.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector businesses. The Statement of Net Position and Statement of Activities provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those assets.

Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what dollars remain for future spending. The fund financial statements also look at the City's most significant funds with all other non-major funds represented in total in one column.

City of Lakewood, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2012
Unaudited

The Statement of Net Position presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual being reported as net position. Over time, increases or decreases in net position serve as useful indicators of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused vacation leave).

The governmental activities of the City include general government, security of persons and property, public health services, transportation, community environment, basic utility services, and leisure time activities. The City's business-type activities include Water, Sewer, Parking Facilities, and Winterhurst Ice Rink. The City also has hospitalization and workers' compensation internal service funds.

The government-wide financial statements can be found starting on page 19 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All City funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information is useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains thirty-one individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund, Police and Fire Pension Fund, Community Development Block Grant Fund and Debt Service Fund; all of which are considered to be major funds. Data from the other twenty-seven non-major governmental funds are combined into a single fund, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

City of Lakewood, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2012
Unaudited

The City adopts an annual appropriated budget for each of its governmental funds. A budgetary comparison schedule (non-GAAP basis) has been provided for each major and non-major fund to demonstrate budgetary compliance.

Proprietary Funds. The City maintains six proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Water, Sewer (which includes the Wastewater Treatment Plant), Parking Facilities and Winterhurst Ice Rink. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its hospitalization and workers' compensation. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer funds, both of which are considered to be major funds of the City. Data from the other two non-major enterprise funds are combined into a single fund, aggregated presentation. Individual fund data for each of these non-major proprietary funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 29-32 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 33 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 34-78 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain other information that the City believes readers will find useful. After the notes to the financial statements, the combining statements referred to earlier in connection with non-major governmental and proprietary funds are presented, as well as individual detailed budgetary comparisons for non-major funds. This information can be found on pages 79-154 of the report.

Government-Wide Financial Analysis

While this document contains information about the funds used by the City to provide services to our citizens, the view of the City as a whole looks at all financial transactions and asks the question "How did we do financially during 2012?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting similar to the accounting used by the private sector. The basis of this accounting takes into account all of the current year's revenues and expenses regardless of when the cash is received or paid.

City of Lakewood, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2012
Unaudited

These two statements report the City's net position and the changes in net position. The change in net position is important because it tells the reader whether the financial position of the City has improved or diminished. However, in evaluating the overall position of the City, non-financial information such as changes in the City's tax base and the condition of the City's capital assets will also need to be evaluated. The Statement of Net Position and the Statement of Activities are divided into the following categories:

- Assets
- Deferred Outflows of Resources
- Liabilities
- Deferred Inflows of Resources
- Net Position (Assets and Deferred Outflows of Resources minus Liabilities and Deferred Inflows of Resources)
- Program Revenues and Expenses
- General Revenues
- Net Position Beginning of Year and Year End

The City of Lakewood as a Whole

Recall that the Statement of Net Position looks at the City as a whole. The following provides a summary of the City's net position for 2012 compared to 2011.

	Governmental Activities		Business-Type Activities		Total	
	2012	2011*	2012	2011	2012	2011*

* - Restated

City of Lakewood, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2012
Unaudited

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Total assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$118,312,084 at the close of 2012.

The largest portion of the City's total net position (70 percent) reflects investments in capital assets (e.g. land, buildings, infrastructure, machinery and equipment), less any related debt to acquire those assets that is still outstanding along with any related deferred outflows/inflows of resources. The City uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Total assets increased by \$5,991,714 from 2011 to 2012, while the City's total liabilities decreased by \$3,901,240. Total net position increased \$10,614,206 with governmental activities comprising \$6,728,803 and business-type activities comprising \$3,885,403 of that amount.

Governmental Activities

Several types of revenues fund the City's governmental activities, with the City's municipal income tax being the biggest contributor. The income tax rate was 1.5 percent in 2012. Both residents and non-residents who work inside the City are subject to the income tax.

City of Lakewood, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2012
Unaudited

However, residents of the City are granted a credit for income taxes paid to other municipalities to a maximum of one-half of one percent of income earned outside the City. The income tax revenue for 2012 was \$20,628,523. Of the \$52,475,691 in total governmental revenues, income tax accounts for 39 percent of that total. Property taxes and payment in lieu of taxes of \$12,552,243 account for 24 percent of total revenues. Operating grants and contributions, and general revenues from grants and entitlements account for 20 percent of total revenues, and charges for services, capital grants and contributions, investment income and other revenue make up the remaining 17 percent.

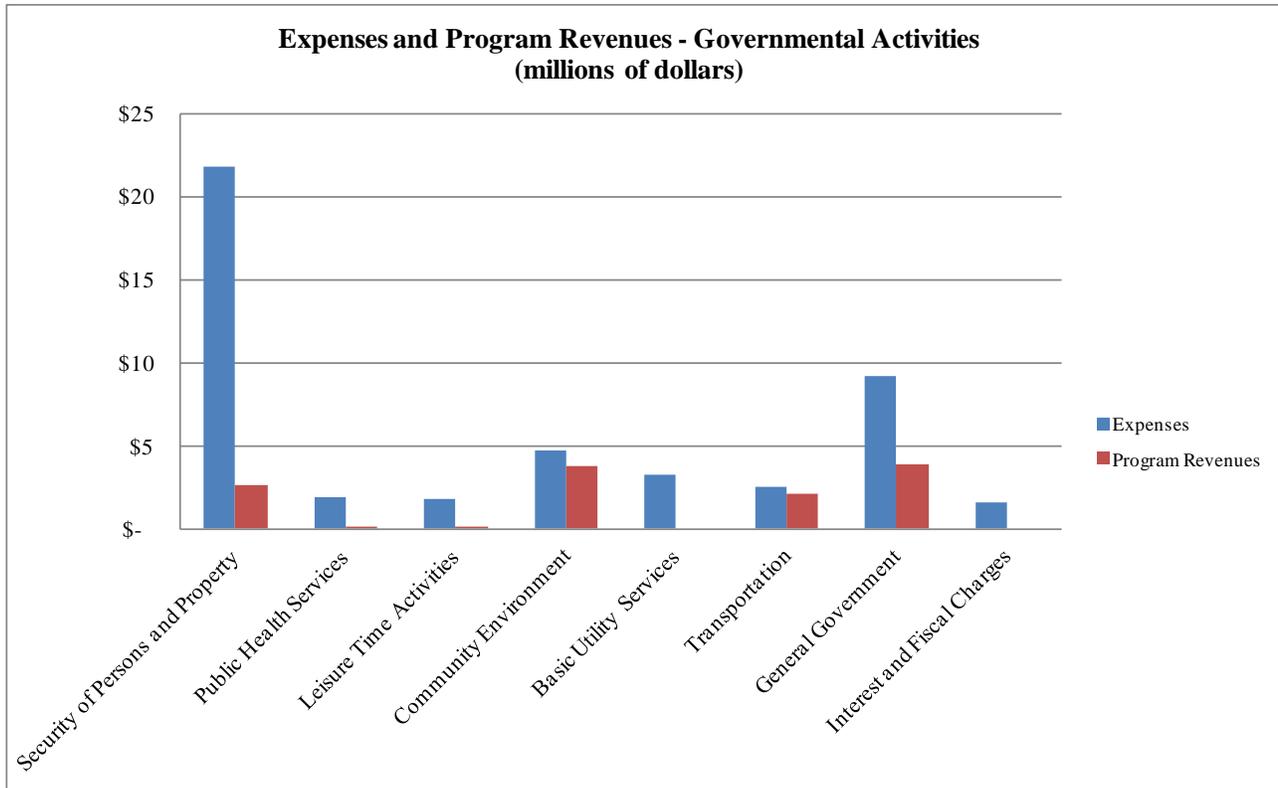

General revenues from grants and entitlements, such as local government funds, are also revenue generators. The City monitors its sources of revenues very closely for fluctuations, especially income tax.

During the year the City realized a change in several revenue sources. Municipal income tax experienced the largest increase of \$1,153,795, which was due to increases from individual taxpayers. Governmental operating grants and contributions experienced the largest decrease of \$1,456,224, which was due to decreased collections of grants and entitlements, which was due to monies received from the American Recovery and Reinvestment Act (ARRA) that were received during 2011. Property taxes experienced a slight increase of \$175,979 due to the collection of delinquent property taxes.

City of Lakewood, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2012
Unaudited

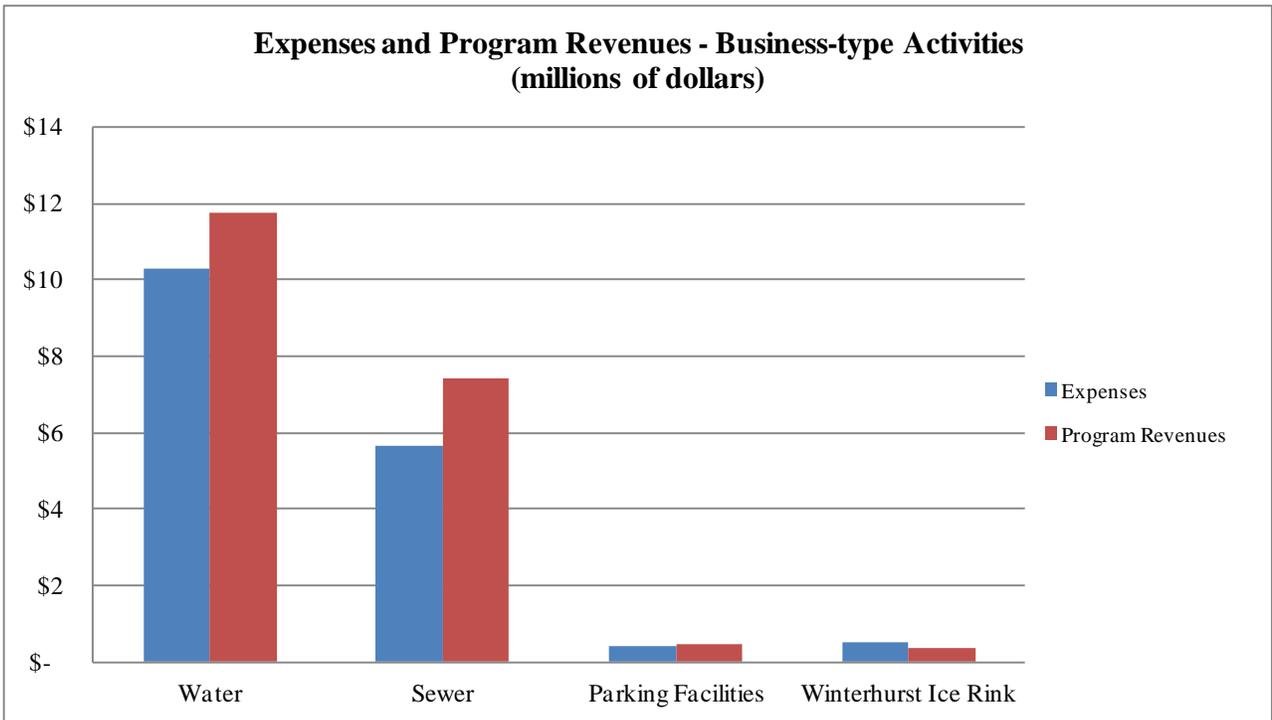

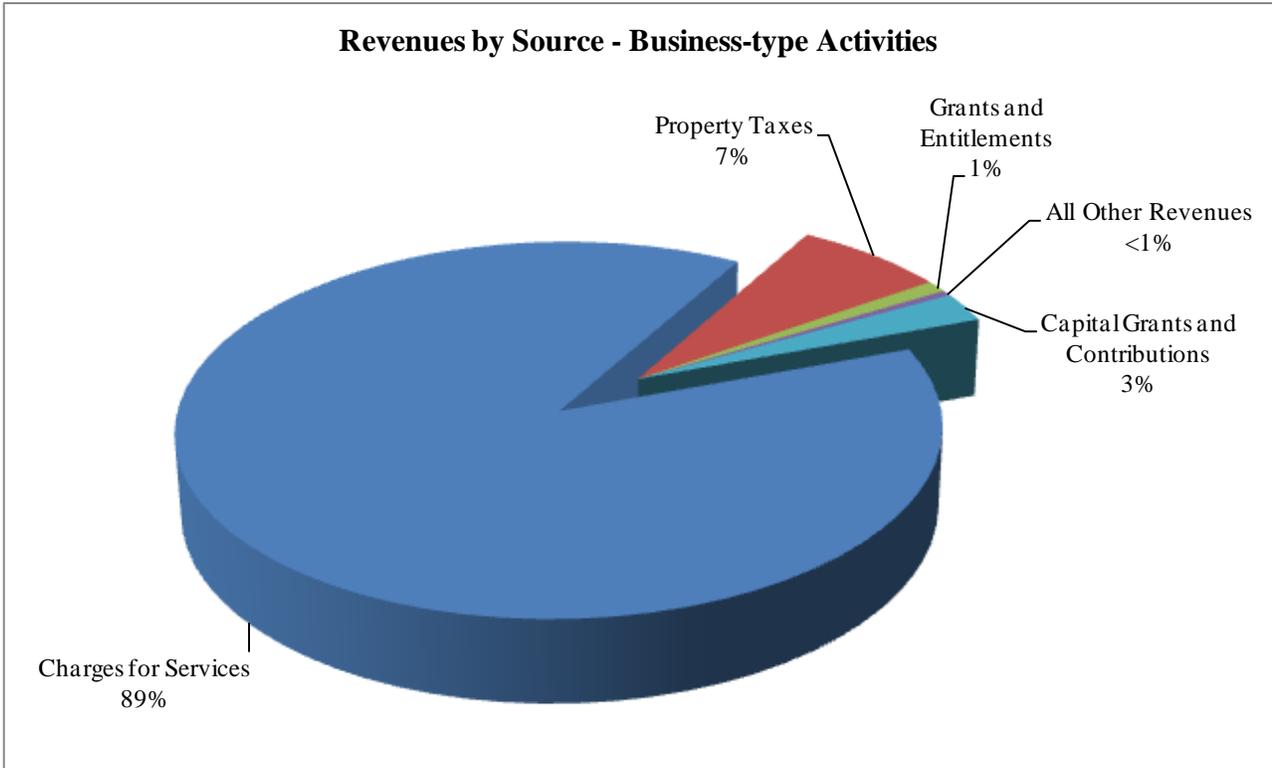

Total expenses of governmental activities for 2012 were \$46,929,438. The largest program function for the City relates to Security of Persons and Property, which includes the Police and Fire departments. Total Security of Persons and Property accounted for program expenses of \$21,780,670, which is 46 percent of the program expenses for governmental activities. General Government is the next largest program expense at 20 percent, followed by Community Environment expenses of 10 percent.

Business-Type Activities

Business-type activities increased the City's net position by \$3,885,403. The increase is due primarily to increased charges for services from an increase in water and sewer rates, and an increase in capital grants and contributions. Total expenses of business-type activities were \$16,876,881, with the Water Department comprising 61 percent of that amount followed by the Sewer Department at 34 percent.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance serves as a useful measure of a government's net resource available for spending at the end of the fiscal year. Information about the City's governmental funds begins on page 22. These funds are accounted for using the modified accrual basis of accounting.

As of December 31, 2012, the City's governmental funds reported combined ending fund balances of \$16,712,575 a \$951,696 increase from 2011. Of that amount, \$7,019,495 constitutes unassigned fund balances, which are available for spending at the government's discretion. The remainder of fund balance is classified as nonspendable, restricted, committed or assigned to indicate that it is not available for new spending and will be used for loans and to liquidate contracts and purchases of the prior period.

The General Fund had total revenues of \$35,883,596 and expenditures of \$34,548,251(not including other financing sources and uses) leaving an increase in fund balance after other financing sources and uses of \$788,316. This increase is primarily due to lower expenditures as the result of cost cutting measures implemented coupled with the City's efforts to maintain expenditures below revenues.

The General Fund is the chief operating fund of the City. At the end of the current year, the unassigned fund balance of the General Fund was \$7,101,028, while the total fund balance reached \$9,691,286. As a measure of the General Fund's liquidity, it is useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents approximately 21 percent of total General Fund expenditures, while total fund balance represents 28 percent of that same amount.

The Police and Fire Pension Fund had total revenues of \$2,944,753 and expenditures of \$2,670,596 with a net change in fund balance after other financing sources and uses of (\$182,227). The decrease is due to other financing uses caused total expenditures to exceed total revenues for the year.

The Community Development Block Grant Fund had total revenues of \$1,741,756 and expenditures of \$1,719,152 with a net change in fund balance of \$22,604. The slight increase was due to the City spending less as a result of decreased grant revenues.

The Debt Service Fund had total revenues of \$3,231,594, expenditures of \$10,884,665, and a positive fund balance after other financing sources and uses of \$5,593. The fund balance's slight increase was due to the City's efforts to reduce debt service expenditures through refunding of prior bond issues. The Debt Service Fund pays for the principal and interest payments on the City's general long-term debt.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of all enterprise funds at the end of the year amounted to \$10,729,412. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund. During the course of 2012, the City amended its General Fund budget on various occasions. All recommendations for budget changes come to the Finance Committee of City Council for review before going to the whole Council for Ordinance enactment on the change. The legal level of budgetary control is at the object level (i.e. personnel costs). Adjustments to the budget can only be made within a department and then within each category. The General Fund supports many of our major activities such as the Police, Fire and Refuse departments, as well as most legislative and executive activities. The General Fund is monitored closely, looking for possible revenue shortfalls or overspending by individual departments.

For the General Fund, original and final budgeted revenues were \$34,148,934. Actual revenues were \$36,432,060. The main differences between budgeted and actual revenues are property taxes, income tax revenues, intergovernmental revenue, and charges for services. Due to economic factors during the year, property taxes, income taxes, intergovernmental revenues and fines and forfeitures increased in 2012. Original General Fund budgeted expenditures were \$33,944,201 and the final amended budget was \$37,153,701. Actual General Fund expenditures were \$36,864,901 or \$288,800 less than budgeted due to operating expenditures less than estimated in all programs of the General Fund. The City's ending unencumbered cash balance in the General Fund of \$4,992,651 was \$2,571,926 above the final budgeted amount of \$2,420,725.

Capital Assets and Debt Administration

Capital Assets - The City's investment in capital assets for governmental and business-type activities as of December 31, 2012, amounts to \$153,005,221 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements, land improvements, furniture and equipment, vehicles, roads, traffic signals, sidewalks, curbing, water lines, and sewer lines.

The total increase in the City's capital assets for the current fiscal year was \$2,647,007, a \$1,906,769 increase for governmental activities and a \$740,238 increase for business-type activities. The most significant increase in capital assets came in the infrastructure of road and traffic signals in the governmental activities. The most significant increase in capital assets came in construction in progress in the business-type activities.

See Note 10 of the Basic Financial Statements for additional information on the City's capital assets.

Debt – As of December 31, 2012, the City had \$75,331,345 in bonds, notes, loans, and capital leases outstanding. Of this amount, \$9,603,388 is due within one year.

General Obligation Notes represent unvoted general obligation bond anticipation notes payable from ad valorem property taxes.

The General Obligation Bonds outstanding are comprised of unvoted general obligation bonds of the City payable from ad valorem property taxes.

City of Lakewood, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2012
Unaudited

Revenue Bonds outstanding are payable from the revenues derived from the Water and Sewer funds.

The Ohio Public Works Commission Loans are paid semi-annually from the Water, Sewer and Bond Retirement funds.

The Ohio Water Development Authority Loan is paid semi-annually from the Sewer Fund.

The City's overall legal debt margin was \$60,754,401 at December 31, 2012.

See Note 12 of the Basic Financial Statements for additional information on the City's debt.

Current Financial Related Activities

The City's elected and appointed officials have made it a priority to submit and pass a "structurally" balanced General Fund budget since 2008. This reverses the decades-long trend of using the year-end fund balance to make up the projected expenditures versus revenue gap. This has been done by reducing expenditures namely through the reduction of over 200 full and part-time positions throughout all City divisions beginning in 2008, as well as through scaling back benefits and salary increases for non-union employees and as negotiated with all of the City's seven collective bargaining units.

In 2011, the City updated its Financial Policies and Guidelines document. These financial policies guide the City through everyday fiscal matters, and in short and long-term budgetary planning. They provide guidelines for evaluating both current activities and proposals for future programs. The document was developed by the City administration and the Audit Committee, and then reviewed and approved by City Council. It will be reviewed and updated as needed during 2013.

The City has committed itself to financial excellence, which is proven with the Aa2 bond rating by Moody's Investor Service, as well as being a recipient of the Government Finance Officers Association's Certificate of Achievement for Excellence in Financial Reporting for the past 31 years.

Contacting the City's Finance Department

This financial report is designed to provide our citizens, taxpayers, creditors and investors with a general overview of the City's finances and show accountability for all money it receives, spends, or invests. If you have any questions about this report or need financial information, contact the Director of Finance, Jennifer R. Pae, 12650 Detroit Ave., Lakewood, Ohio 44107, telephone (216) 529-6092, e-mail jennifer.pae@lakewoodoh.net, or visit the City's website at www.onelakewood.com.

The notes to the basic financial statements are an integral part of this statement

City of Lakewood, Ohio
*Reconciliation of Total Governmental Fund Balances to
 Net Position of Governmental Activities
 December 31, 2012*

Total Governmental Funds Balance \$16,712,575

*Amounts reported for Governmental Activities in the Statement of Net Position
 are different because:*

Capital Assets used in Governmental Activities are not financial resources
 and, therefore, are not reported in the funds 70,549,959

Other long-term assets are not available to pay for current-period expenditures
 and, therefore, are unavailable revenues in the funds:

Property taxes	\$609,581	
Payments in lieu of taxes	72,358	
Municipal income taxes	9,757,598	
Special assessments	69,240	
Intergovernmental	<u>2,933,417</u>	
Total		13,442,194

In the Statement of Activities, interest is accrued on outstanding
 bonds, whereas in Governmental funds, an interest expenditure
 is reported when due. (160,016)

Internal Service funds are used by management to charge the costs
 of certain activities, such as insurance to individual funds. The assets
 and liabilities of the Internal Service funds are included in Governmental
 Activities in the Statement of Net Position.

Net Position	3,147,946	
Claims Payable	<u>397,477</u>	
Total		3,545,423

Long-term liabilities, including bonds payable, are not due and payable in the
 current period and therefore are not reported in the funds:

Notes Payable	(3,948,000)	
General obligation bonds	(29,576,718)	
Unamortized debt premiums	(297,628)	
Deferrals on refunding	421,222	
OPWC Loans	(184,800)	
Capital leases	(6,015,960)	
Claims payable	(397,477)	
Compensated absences	<u>(5,485,917)</u>	
Total		<u>(45,485,278)</u>

Net Position of Governmental Activities \$58,604,857

The notes to the basic financial statements are an integral part of this statement

City of Lakewood, Ohio
*Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2012*

Net Change in Fund Balances-Total Governmental Funds \$951,696

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital Outlay	\$4,275,602	
Depreciation	(2,331,818)	
Total		1,943,784

In the Statement of Activities, only the loss on the disposal of capital assets is reported, whereas, in the Governmental Funds, the proceeds from the disposals increase financial resources. Thus, the change in net position differs from the change in fund balance by the net book value of the capital assets. (37,015)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes	109,225	
Payments in lieu of taxes	22,153	
Municipal income taxes	1,086,288	
Special assessments	69,240	
Intergovernmental	132,884	
Total		1,419,790

Other financing sources in the Governmental funds increase long-term liabilities in the Statement of Net Position. These sources were attributed to the inception of capital leases and the issuance of General Obligation Refunding debt and the respective premiums issued. (13,533,326)

Repayment of capital leases, bond principal and the refunding of debt are expenditures in the Governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. 14,500,061

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in Governmental funds.

Compensated absences	277,200	
Accrued interest on bonds	1,585	
Amortization of bond premiums	68,117	
Amortization of loss on refunding	(84,073)	
Total		262,829

Internal Service funds are used by management to charge costs to certain activities, such as insurance to individual funds. The net revenue (expense) of Internal Service funds are reported in the Governmental Activities. 1,220,984

Change in Net Position of Governmental Activities \$6,728,803

Notes to the Basic Financial Statements

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012

Note 1 – Description of the City and Reporting Entity

The City of Lakewood (the "City") was incorporated and chartered in 1911. The City operates under an elected Mayor/Council administrative/legislative form of government and provides the following services as authorized by its charter: public safety (police and fire protection), sanitation, planning and zoning, public improvements, culture and recreation, municipal court and general administration services. In addition, the City owns and operates several business-type activities including a water system, a local sewer system, an ice rink facility, and parking facilities.

Reporting Entity

The reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the City.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and 1) the City is able to significantly influence the programs or services performed or provided by the organization; or 2) the City is legally entitled to or can otherwise access the organization's resources; 3) the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; 4) or the City is obligated for the debt of the organization. Component units may also include organizations for which the City authorizes the issuance of debt or levying of taxes, or determining the budget. The City has no component units.

The City is associated with the West Shore Council of Governments, a jointly governed organization. Additional information is included in Note 18.

The following entities are excluded from the accompanying financial statements: Lakewood City School District, Lakewood Public Library, and Lakewood Hospital Association.

Note 2 - Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

Government-wide Financial Statements - The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. As a general rule, the activity of the internal service fund is eliminated to avoid “doubling up” revenues and expenses. An exception to this general rule is that interfund services provided and used are not eliminated in the process of consolidation. The statements distinguish between those activities of the City that are governmental and those that are considered business-type.

The statement of net position presents the financial condition of the governmental and business-type activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City’s governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business-type activity is self-financing or draws from the general revenues of the City.

Fund Financial Statements - During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The City reports three categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets and deferred outflows of resources are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities and deferred inflows of resources are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources compared to liabilities and deferred inflows of resources is reported as fund balance. The following are the City’s major governmental funds:

General Fund – The General Fund accounts for and reports all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose, provided it is expended or transferred according to the Charter of the City of Lakewood and/or general laws of Ohio.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

Police and Fire Pension Fund - The Police and Fire Pension Fund accounts for and reports restricted property taxes levied for the partial payments of the current and accrued liability for police and firemen disability and pension.

Community Development Block Grant Fund - The Community Development Block Grant Fund accounts for and reports revenues received from the federal government restricted for costs prescribed under the Community Development Block Grant program.

Debt Service Fund - The Debt Service Fund accounts for and reports restricted property taxes levied for the payment of principal and interest on general long-term obligations.

The other governmental funds of the City account for grants and other resources whose use is restricted, committed, or assigned to a particular purpose.

Proprietary Funds - Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The City has two major Enterprise funds.

Water Fund: The Water Fund accounts for the provision of water distribution to the residential and commercial users of the City.

Sewer Fund: The Sewer Fund accounts for the sanitary sewer services to the residential and commercial users of the City.

Internal Service Funds - Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The City's two internal service funds account for workers' compensation costs and a self insurance program for employee hospitalization and medical benefits.

Fiduciary Funds - Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: *pension trust funds*, *investment trust funds*, *private-purpose trust funds*, and *agency funds*. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. The City has no trust funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City's agency fund accounts for deposits.

For the Year Ended December 31, 2012
(Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

C. Measurement Focus

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the City are included on the Statement of Net Position. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources along with current liabilities and deferred inflows of resources generally are included on the Balance Sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources along with all liabilities and deferred inflows of resources associated with the operation of these funds are included on the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Fund Net Position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The Statement of Cash Flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows/inflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within sixty days of year end.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements, and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied (see Note 8). Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: income tax, state-levied locally shared taxes (including gasoline tax and motor vehicle license tax), fines and forfeitures, interest, grants and entitlements, and fees.

Deferred Outflows/Inflows of Resources - In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the City, deferred outflows of resources include a deferral on refunding reported in the government-wide statement of net position. A deferral on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the City, deferred inflows of resources include property taxes, payments in lieu of taxes and unavailable revenues. Property taxes and payments in lieu of taxes represent amounts for which there is an enforceable legal claim as of December 31, 2012, but which were levied to finance year 2013 operations. These amounts have been recorded as deferred inflows on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes delinquent property taxes and payment in lieu of taxes, income taxes, intergovernmental grants, and special assessments. These amounts are deferred and recognized as inflows of resources in the period the amounts become available.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

(Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

E. Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through the City's records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

Cash held for the City by a bank for the payment of debt principal and interest as they come due and to purchase capital assets from a capital lease is included on the financial statements as "cash and cash equivalents with fiscal agents".

The City utilizes a trustee to hold monies set aside for replacement and improvement, debt service and unspent bond proceeds under the provisions of the bond indenture. The balances in these accounts are presented on the statement of fund net position as, "cash and cash equivalents held by trustee."

The City also has segregated bank accounts for monies held separate from the City's central bank account. These interest bearing depository accounts are presented as "cash and cash equivalents in segregated accounts" since they are not required to be deposited into the City treasury.

The City has invested in the State Treasury Asset Reserve of Ohio (STAROhio) and money market mutual funds during 2012. STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's net asset value per share which is the price the investment could be sold for on December 31, 2012.

Interest earnings are allocated to City funds according to State statutes, City Charter, grant requirements or debt related restrictions. Interest revenue is distributed to the General Fund, Federal Forfeiture Fund, Debt Service Fund, Water Fund and Sewer Fund. Interest revenue credited to the General Fund during 2012 amounted to \$6,085 that includes \$2,703 assigned from other City funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the City are presented on the financial statements as cash equivalents.

F. Restricted Assets

Amounts held by trustees that are legally restricted for replacement and improvement, debt service and unspent bond proceeds per the applicable bond covenants are reported as restricted assets.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

G. Inventory

On government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used.

On fund financial statements, inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. The cost of inventory items is recorded as an expenditure in the governmental funds when consumed. Inventories of the proprietary funds are expensed when used.

Inventory consists of expendable supplies held for consumption.

H. Assets Held for Resale

Assets held for resale represents assets consisting of homes purchased and repaired which will be resold through Planning and Development.

I. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2012, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

J. Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The City was able to estimate the historical cost for the initial reporting of infrastructure by backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of five thousand dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of an asset or materially extend an asset's life are not. Interest incurred during the construction of proprietary fund capital assets is also capitalized.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

All reported capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacements. Depreciation for governmental and business-type capital assets is computed using the straight-line method over the following useful lives:

Description	Estimated Lives
Land Improvements	25 years
Buildings and Improvements	75 years
Furniture and Equipment	10 - 20 years
Vehicles	15 years
Infrastructure	40 - 100 years

The City's infrastructure consists of roads, traffic signals, sidewalks, curbing, water lines and sewer lines, and includes infrastructure acquired prior to December 31, 1980.

K. Interfund Balances

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as "Interfund receivables/payables." Interfund balance amounts are eliminated in the Statement of Net Position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

L. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered, and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the City has identified as probable of receiving payment in the future (those employees who will be eligible to receive termination payments in the next ten years). The amount is based on accumulated sick leave and employees' wage rates at year end, taking into consideration any limits specified in the City's termination policy.

The entire compensated absences liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees who have accumulated unpaid leave are paid. For proprietary funds, the entire amount of compensated absences is reported as a fund liability.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

M. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, compensated absences, and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and long-term loans are recognized as a liability on the governmental fund financial statements when due.

N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amounts of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (City ordinances).

Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the City can be compelled by an external party, such as citizens, public interest groups, or the judiciary, to use resources created by enabling legislation only for the purposes specified by the legislation.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

Committed The committed fund balance classification includes amounts that can be used only for specific purposes imposed by formal action (ordinance) of City Council. Those committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by City Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by City Council or a City official delegated that authority by City Charter or ordinance, typically the finance director, or by State Statute.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

O. Net Position

Net Position is the residual amount when comparing assets and deferred outflows of resources to liabilities and deferred inflows of resources. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. The restricted component of net position is reported when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position that is restricted for other purposes includes litter control, juvenile programs, and an emergency shelter program. The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted components of net position are available.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

P. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services such as water, wastewater treatment, parking, ice rink and self insurance programs. Operating expenses are necessary costs incurred to provide the service for the primary activity of the fund. Revenues and expenses not meeting these definitions are reported as nonoperating.

Q. Contributions of Capital

Contributions of capital in governmental and proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

R. Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Transfers between governmental activities are eliminated on the government-wide financial statements.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditure/expenses to the funds that initially paid for them are not presented on the financial statements.

S. Bond Premium

On the government-wide financial statement, bond premiums are deferred and amortized over the term of the bonds using the straight line method since the results are not significantly different from the effective interest method. Bond premiums are presented as an increase of the face amount of the bonds payable. On the governmental fund statements, bond premiums are received in the year the bonds are issued.

T. Gain/Loss on Refunding

On the government-wide financial statements, the difference between the reacquisition price (funds required to refund the old debt) and the net carrying amount of the old debt (the gain/loss on refunding) is being amortized as a component of interest expense. This deferred amount is amortized over the life of the old debt or the life of the new debt, whichever is shorter, using the effective interest method.

U. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2012.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 2 - Summary of Significant Accounting Policies (Continued)

V. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

W. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriations ordinance is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of control has been established by Council at the personal service and other object level within each department and fund. Budgetary modifications may only be made by ordinance of the City Council at the legal level of control.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Finance Director. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during 2012.

The appropriation ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year.

Note 3 – Changes in Accounting Principles and Prior Period Adjustments

Changes in Accounting Principles

GASB Statement Number 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. The objective of this Statement is to address issues related to the use of the alternative measurement method and the frequency and timing of measurements by employers that participate in agent multiple-employer other postemployment benefit (OPEB) plans. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2011 and have been implemented by the City.

GASB Statement Number 60, *Accounting and Financial Reporting for Service Concession Arrangements*. The objective of this Statement is to improve financial reporting by addressing issues related to service concession arrangements (SCAs), which are a type of public-private or public-public partnership. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2011 and have been implemented by the City.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 3 – Changes in Accounting Principles and Prior Period Adjustments (Continued)

GASB Statement Number 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. The objective of this Statement is to incorporate into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the FASB and AICPA pronouncements which does not conflict with or contradict GASB pronouncements. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2011 and have been implemented by the City.

GASB Statement Number 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This Statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2011 and have been implemented by the City.

GASB Statement Number 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions*. The objective of this Statement is to clarify whether an effective hedging relationship continues after the replacement of a swap counterparty or a swap counterparty's credit support provider. This Statement sets forth criteria that establish when the effective hedging relationship continues and hedge accounting should continue to be applied. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2011 and have been implemented by the City.

GASB Statement Number 65, *Items Previously Reported as Assets and Liabilities*. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2012 and have been implemented by the City.

Prior Period Adjustments

In prior periods, the City had reported assets related to unamortized debt issuance costs in the Governmental and Business-Type Activities entity-wide financial statements and proprietary fund financial statements. GASB Statement Number 65, *Items Previously Reported as Assets and Liabilities*, has reclassified debt issuance costs as an expense in the period incurred rather than amortizing the costs over the life of the debt. The implementation of GASB Statement Number 65 requires a restatement of prior period's net position as follows:

	Governmental Activities	Business-Type Activities	Water Fund	Sewer Fund	Non-Major Enterprise Funds
Net Position, December 31, 2011	\$ 52,561,421	\$ 56,421,219	\$ 31,887,181	\$ 20,652,736	\$ 3,881,302
Prior Period Adjustments:					
Unamortized Debt Issuance Costs	(685,367)	(599,395)	(200,372)	(373,240)	(25,783)
Restated Net Position, December 31, 2011	<u>\$ 51,876,054</u>	<u>\$ 55,821,824</u>	<u>\$ 31,686,809</u>	<u>\$ 20,279,496</u>	<u>\$ 3,855,519</u>

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 4 – Accountability

Fund balances at December 31, 2012 included the following individual fund deficits:

	<u>Deficit</u>
Nonmajor Governmental Funds:	
Emergency Shelter Grant	\$ 19,630
HOME Investment Program	374
Homeless Prevention	47,217
Office on Aging	<u>14,312</u>
Total	<u><u>\$ 81,533</u></u>

The General Fund is liable for any deficits in these funds and provides transfers when cash is required not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities in accordance with generally accepted accounting principles (GAAP).

This space is intentionally left blank.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 5 – Budgetary Basis of Accounting

While the City is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis as provided by law is based upon accounting for transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual presented for the General Fund and the major special revenue funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are:

- Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- Encumbrances are treated as expenditures (budget basis) rather than as a part of restricted, committed, and assigned fund balances (GAAP basis);
- Advances in and advances out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis); and
- The Community Festival Fund is included in the General Fund (GAAP basis), but has a separate legally adopted budget (budget basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund and the major special revenue funds.

	<u>General</u>	<u>Police and Fire Pension</u>	<u>Community Development Block Grant</u>
Net Change in Fund Balance - GAAP Basis	\$788,316	(\$182,227)	\$22,604
Net Adjustment:			
Revenue Accruals	(1,688,507)	0	220,508
Advances In	313,000	0	200,000
Expenditure Accruals	2,491,468	18,961	(212,699)
Advances Out	(400,000)	0	(241,000)
Funds with Separate Legally Adopted Budgets:			
Community Festival	(56)	0	0
Outstanding Encumbrances	(1,937,062)	0	0
Net Change in Fund Balance - Budgetary Basis	<u>(\$432,841)</u>	<u>(\$163,266)</u>	<u>(\$10,587)</u>

(Continued)

Note 7 - Deposits and Investments

The City is a charter City and has adopted an investment policy through City Ordinance. The City has elected to follow the provisions of State statute. State statutes classify monies held by the City into three categories.

Active deposits are public deposits determined to be necessary to meet current demands upon the City treasury. Active monies must be maintained either as cash in the City Treasury, in commercial accounts payable or withdraw able on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that City Council has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but will be needed before the end of the current period of designation for depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts including passbook accounts.

Interim monies held by the City may be deposited or invested in the following securities:

1. United States Treasury notes, bills, bonds, or other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any Federal government agency or instrumentality including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All Federal agency securities shall be direct issuances of Federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and that the term of the agreement must not exceed 30 days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) and (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasury Asset Reserve of Ohio (STAR Ohio);

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 7 - Deposits and Investments (Continued)

7. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts; and
8. Certain bankers acceptances and commercial paper notes for a period not to exceed one hundred eighty days in an amount not to exceed twenty five percent of the interim monies available for the investment at any one time.

The City may also invest any monies not required to be used for a period of 6 months or more in the following:

1. Bonds of the State of Ohio;
2. Bonds of any municipal corporation, village, county, township, or other political subdivision of this State, to which there is no default of principal, interest, or coupons;
3. Obligations of the City.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within 5 years from the date of purchase, unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payments for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution, or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Deposits

Custodial Credit Risk: Custodial credit risk for deposits is the risk that in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in possession of an outside party. At year end, \$11,201,588 of the City's bank balance of \$20,064,013 was uninsured and uncollateralized. Although the securities were held by the pledging financial institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the City to a successful claim by the FDIC.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 7 - Deposits and Investments (Continued)

The City has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or protected by eligible securities pledged to and deposited either with the City or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments: Investments are reported at fair value. As of December 31, 2012, the City had investments in STAR Ohio with a fair value of \$6,691,633 with an average maturity of 55 days. In addition, investments held in money market mutual funds with a trustee and fiscal agent had fair values of \$1,172,216 and \$813,076, respectively. Both money market mutual funds had an average maturity of less than one year.

Interest Rate Risk: As a means of limiting its exposure to fair value losses caused by rising interest rates, the City's investment policy requires that operating funds be invested primarily in short-term investments maturing within five years from the date of purchase and that the City's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity. To date, no investments have been purchased with a life greater than five years.

Credit Risk: STAROhio carries a rating of AAAM by Standard & Poor's. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service. The credit ratings for the two money market mutual funds were available. The City has no investment policy that addresses credit risk.

Note 8 - Receivables

Receivables at December 31, 2012, consisted primarily of accounts (billings for user charged services), intergovernmental receivables arising from grants, entitlements and shared revenues, municipal income taxes, property taxes, loans (Community Development Block Grant monies loaned to local businesses), special assessments and interfunds. All receivables, except property taxes, special assessments and loans, are expected to be received within one year. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year. All receivables, except utility accounts receivable, are deemed collectible in full. Utility accounts receivable may be certified and collected as a special assessment, subject to foreclosure for nonpayment.

Allowance for doubtful accounts has been recorded at \$41,339 in the Water Fund and \$28,948 in the Sewer Fund.

Loans receivable to be collected in more than one-year amount to \$1,711,890 in the Community Development Block Grant Fund.

Special assessments expected to be collected in more than one-year amount to \$69,240 in the various governmental funds. The amount of delinquent special assessments outstanding at December 31, 2012 was \$18,811.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 8 – Receivables (Continued)

A. Property Taxes

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the City. Property tax revenue received during 2012 for real and public utility property taxes represents collections of 2011 taxes.

2012 real property taxes are levied after October 1, 2012 on the assessed value as of January 1, 2012, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2012 real property taxes are collected in and intended to finance 2013 operations.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates can be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2012 public utility property taxes which became a lien December 31, 2011, are levied after October 1, 2012, and are collected in 2013 with real property taxes.

The full tax rate for all City operations for the year ended December 31, 2012, was \$17.40 per \$1,000 of assessed value. The assessed values of real property, public utility tangible property upon which 2012 property tax receipts were based, are as follows:

Category	Assessed Value
Real Estate:	
Residential and Agricultural	\$ 721,599,290
Commercial/Industrial/Public Utility	163,222,160
Public Utility	12,758,240
Total Assessed Value	\$ 897,579,690

The Cuyahoga County Treasurer collects property taxes on behalf of all taxing districts in the County, including the City of Lakewood. The County Fiscal Officer periodically remits to the City its portion of the taxes. Property taxes receivable represents real and public utility property taxes and outstanding delinquencies, which are measurable as of December 31, 2012, and for which there is an enforceable legal claim. In the governmental funds, the entire receivable has been deferred since current taxes were not levied to finance 2012 operations, and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On the accrual basis, collectible delinquent property taxes have been recorded as revenue while on the modified accrual basis the revenue has been deferred.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 8 – Receivables (Continued)

B. Income Tax

The City levies a municipal income tax at a rate of 1.50 percent. The City's income tax is levied upon the net income of corporations and other business entities and on wages, salaries, and other personal service compensation earned by residents of the City and non-residents working within the City. Residents of the City are granted credit for income taxes paid to other municipalities to a maximum of one-half of one percent of income earned outside the City. Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City at least quarterly. Corporations and other self-employed individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually with the City.

C. Intergovernmental Receivables

A summary of the principal items of intergovernmental receivables follows:

	Amount
Governmental Activities:	
Local Government	\$ 1,665,066
Homestead and Rollback	795,984
Gasoline Tax	650,843
Estate Tax	243,319
Motor Vehicle License Registration	124,649
Federal Grant Reimbursements	62,858
County Grant Reimbursements	84,961
Permissive Motor Vehicle License Tax	21,957
Liquor Permit/Cigarette/Hotel Taxes	14,424
Lakewood Board of Education	3,212
<i>Total Governmental Activities</i>	3,667,273
 Business-Type Activities:	
Homestead and Rollback	103,375
<i>Total Entity-wide</i>	\$ 3,770,648

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 8 – Receivables (Continued)

D. Payments in Lieu of Taxes

According to State law, the City has established several tax incremental financing districts within the City under which the City has granted property tax exemptions and agreed to construct certain infrastructure improvements. The property owners have agreed to make payments to the City to help pay the costs of the infrastructure improvements. The amount of those payments generally reflects all or a portion of the property taxes which the property owners would have paid of the property had not been declared exempt. The property owners' contractual promise to make these payments in lieu of taxes generally continues until the costs of the improvement have been paid or the agreement expires, whichever occurs first. Future development by these or others may result in subsequent agreement to make payment in lieu of taxes and may therefore spread the costs of the improvements to a larger number of property owners.

Note 9 - Contingencies

A. Grants

The City received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the City.

B. Litigation

Several claims and lawsuits are pending against the City. The amount of the liability, if any, cannot be reasonably estimated at this time. However, in the opinion of management, any such claims and lawsuits will not have a material adverse effect on the overall financial position of the City at December 31, 2012.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 11 – Conduit Debt Obligations

From time to time, the City has issued Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

In 1983 and 1989, the City issued Hospital Improvement Revenue Bonds for the purpose of providing funds to pay the cost of Lakewood Hospital facility improvements. In 1989, the City also issued Hospital Improvement Refunding Bonds to advance refund the Hospital Improvement Bonds, Series 1983. On November 13, 2003, the City issued \$27,570,000 Hospital Revenue Bonds, Series 2003 to advance refund the 1989 Series. As of December 31, 2012, the aggregate principal amount of conduit debt obligation outstanding for Lakewood Hospital was \$10,590,000.

On October 23, 2000, the City issued Educational Facilities Revenue Bonds for the purpose of providing funds to pay costs of acquiring and constructing additional facilities for St. Edward High School. The aggregate principal amount of conduit debt obligations for St. Edward High School was \$10,800,000. As of December 31, 2012, the aggregate principal amount of conduit debt obligation outstanding for St. Edward High School was \$9,030,000. These bonds do not constitute a debt or pledge of the full faith and credit of the City and, therefore, are not reported in the financial statements.

Note 12- Long-Term Obligations

Governmental Activities

General Obligation Bonds For governmental activities, general obligation bonds will be retired from the Debt Service and TIF Bond Retirement Debt Service Funds using general property tax and payments in lieu of taxes revenue.

On May 26, 2005, the City issued \$7,335,000 in general obligation refunding bonds at interest rates varying from 3.00 percent to 5.00 percent. Proceeds were used to refund \$6,735,000 of the outstanding 1995 various purpose general obligation bonds.

The bonds were sold at a premium of \$219,898. Proceeds were deposited in an irrevocable trust with an escrow agent to provide for all future debt payments on the refunded bonds. As a result, \$6,735,000 of these bonds was considered defeased and the liability for the refunded bonds has been removed from the basic financial statements. As of December 31, 2012, \$2,130,000 of the defeased debt remained outstanding.

On May 30, 2007, the City issued \$10,875,000 in general obligation bonds, \$10,520,000 of which were related to governmental activities, to refund notes and a portion of the 2005 various purpose general obligation bonds in order to take advantage of lower interest rates. The bonds were issued for twenty years, with final maturity at December 1, 2026. The bonds will be retired from the Debt Service Fund. The proceeds were used to refund a portion of the 2005 various purpose and bond anticipation notes.

The bonds were sold at a premium of \$57,987. Net proceeds of \$4,844,725 were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded portion of the various bonds. As a result, \$4,495,000 of these bonds is considered defeased and the liability for the refunded portion of these bonds has been removed from the City's financial statements.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 12 - Long-Term Obligations (Continued)

On August 1, 2004, the City issued \$4,265,000 in general obligation bonds for the Rockport Square development project. These bonds will be paid through tax increment financing where the payments in lieu of taxes (PILOTS) generated will pay the debt service payments. In the event that insufficient funds are collected, the shortfall will be the responsibility of the developer, per the master agreement.

On May 26, 2005, the City issued \$400,000 in General Obligation Bonds for the Vedda Printing Development project. These bonds will be paid through tax increment financing where the payments in lieu of taxes (PILOTS) generated will pay the debt service payments.

On February 9, 2011, the City issued general obligation bonds, in the amount of \$12,320,000, to refund bonds previously issued in fiscal years 1998 and 2003 for various purposes in the amount of \$4,320,000 and to pay off the \$7,770,000 2010 various purpose notes. The bonds were issued with interest rates varying from 2 percent to 5 percent. The bonds were issued for a seventeen year period with final maturity on December 1, 2028. The bonds will be retired through the Debt Service, Water and Winterhurst Funds.

The bonds were sold at a premium of \$87,222. Proceeds were deposited in an irrevocable trust with an escrow agent to provide for all future debt payments on the refunded 1998 Various Purpose bonds. As a result, \$4,445,100 of these bonds was considered defeased and the liability for the refunded bonds has been removed from the City's financial statements. The amount still outstanding at December 31, 2012 is \$2,035,000.

The City issued a \$1,948,000 various purpose bond anticipation note on April 21, 2011 at 1.50 percent that matured April 19, 2012. The proceeds were used for street and traffic signal improvements. This bond anticipation note was retired through the City's issuances of \$7,973,000 various purpose and refunding bond anticipation notes on April 18, 2012 at 1.125 percent that matured on October 18, 2012. A portion of the notes were used retire the \$1,948,000 notes and the remainder was used to refund previously issued Various Purpose 2003 bonds, \$3,427,889 in governmental activities and \$2,597,111 in business-type activities. All of the notes were considered long-term.

The refunding portion of the bond anticipation notes were sold at a premium of \$21,750. Proceeds were deposited in an irrevocable trust with an escrow agent to provide for all future debt payments on the refunded 2003 Various Purpose bonds. As a result, \$6,025,000 of these bonds was considered defeased and the liability for the refunded bonds has been removed from the City's financial statements. The amount was called on May 18, 2012 and therefore are no longer outstanding at December 31, 2012 is \$5,445,000.

The City issued a \$2,000,000 various purpose bond anticipation note on April 18, 2012 at 1.125 percent that matures on April 17, 2013. The proceeds were used for various capital projects. These notes are considered long-term.

The City issued a \$1,948,000 various purpose bond anticipation note on October 17, 2012 at 1.25 percent that matures on April 17, 2013. The proceeds were used to retire previously issued notes. These notes are considered long-term.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 12 - Long-Term Obligations (Continued)

The City issued \$5,445,000 in various purpose bonds on October 17, 2012 at 2.00 percent. These bonds were issued to retire the \$6,025,000 refunding bond anticipation notes which matured on October 18, 2012. The bonds were issued for an eleven year period with final maturity on December 1, 2023. The bonds will be retired from the City's Debt Service and Sewer Funds, \$3,097,661 and \$2,347,339, respectively.

Other Long-Term Obligations Compensated absences will be paid from the General Fund, Streets and Highway, Community Development Block Grant, Office on Aging, and Lakewood Hospital Special Revenue Funds, and the Water, Sewer, and Parking Facilities Enterprise Funds.

Business-Type Activities

The revenue bonds, general obligation bonds, OPWC loans, and the OWDA loan reported in the Enterprise Funds will be paid from revenues derived by the City from water, sewer and ice rink user charges. The OPWC and OWDA loans reported in the Enterprise funds are not general obligation and are not backed by the full faith and credit of the City.

In 1995, the City issued \$2,850,000 in Water Main Improvement Revenue Bonds with interest rates varying from 4.40 percent to 6.60 percent. Proceeds were used to improve the City's water mains. The revenue bonds included serial bonds. Restricted assets for debt service relating to the water main improvement revenue bonds held with a trustee at December 31, 2012, were \$122,635. At December 31, 2012, \$1,545,000 of the debt remained outstanding.

On December 12, 2002, the City issued \$4,025,000 in Water Revenue Refunding Bonds to advance refund and defease the series 1991 Water Revenue Bonds of \$2,845,000 and pay a portion (\$880,000) of the Series 2002 Bond Anticipation Notes. The net proceeds were used to purchase direct obligations of the U.S. government. Those securities were deposited in an irrevocable trust with an escrow agent.

The securities and fixed earnings from the securities are sufficient to provide for all future debt service payments on the Series 1991 Water Revenue Bonds and respective portion of the Series 2002 Bond Anticipation Notes. As a result, the 1991 Water Revenue Bonds and the respective portion of the Series 2002 Bond Anticipation Notes are considered to be defeased. As of December 31, 2012, none of the defeased debt remained outstanding. The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt. This difference, reported in the accompanying financial statement as a deduction from due in more than one year, is being charged to operations through the year 2011 using the straight-line method. The unamortized balance of the deferral was zero at December 31, 2011. The bonds maturing on or after July 1, 2001 are subject to redemption at the sole option of the City, either in whole on any date, or in part on any interest payment date on or after July 1, 2001, in multiples of \$5,000, at 100 percent of the redemption price plus accrued interest as of July 1, 2004 and thereafter. Restricted assets relating to the Refunding Water Revenue Bonds held with trustee at December 31, 2012, were \$195,499 for replacement and improvement and \$44,075 for debt service.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 12 - Long-Term Obligations (Continued)

In 2006, the City issued \$10,285,000 in Water Main Improvement Revenue Bonds with interest rates varying from 4.00 percent to 4.50 percent to improve the City's water mains. The Revenue Bonds included Serial Bonds. Issuance included a premium of \$21,352 and discount of \$124,937. Restricted assets relating to the Water Main Improvement Revenue Bonds held with trustee at December 31, 2012, were \$337,409 restricted for debt service.

In 2006, the City issued \$14,320,000 in Sewer and Wastewater Improvement Revenue Bonds with interest rates varying from 4.00 percent to 4.50 percent to improve the City's sewer mains. The Revenue Bonds included Serial Bonds. Issuance included a premium of \$50,527 and discount of \$174,240. Restricted assets relating to the Sewer Main Improvement Revenue Bonds held with trustee at December 31, 2012, were \$472,598 restricted for debt service.

On May 26, 2005, the City issued \$1,945,000 in Sewer Construction Refunding Bonds at interest rates varying from 3.00 percent to 5.00 percent. Proceeds were used to refund \$2,040,000 of the outstanding 1995 various purpose general obligation bonds.

The City has pledged future revenues to repay revenue bonds and OPWC loans in the Water Fund. The debt is payable solely from net revenues and is payable through 2031. Annual principal and interest payments on the bonds and loans are expected to require less than 60 percent of net revenues and less than 16 percent of total revenues. The total principal and interest remaining to be paid on the bonds and loans is \$18,211,141. Principal and interest paid for the current year were \$1,278,880, total net revenues were \$2,024,458, and total revenues were \$11,214,618.

The City has pledged future revenues to repay the revenue bonds and OWDA and OPWC loans in the Sewer Fund. The debt is payable solely from net revenues and is payable through 2031. Annual principal and interest payments on the debt is expected to require less than 4 percent of net revenues and less than 1.00 percent of total revenues. The total principal and interest remaining to be paid on the debt is \$19,253,957. Principal and interest paid for the current year were \$1,009,947, total net revenues were \$3,676,602, and total revenues were \$7,653,452.

The City issued refunding bond anticipation notes along with various purpose bonds to retire the various improvement 2003 bonds. Further description of this debt activity is mentioned in the governmental activities section of this Note.

The City's overall legal debt margin was \$60,754,401 at December 31, 2012.

Note 13 – Leases

A. Capital Leases

In 2012, the City entered into a lease for the acquisition of vehicles, computer equipment and copier equipment for various City departments. In prior years, the City entered into leases for the acquisition of police cruisers, fire vehicles, forestry vehicles, computer hardware, copier equipment, and building HVAC improvements. The assets of such agreement are recorded in the Governmental Activities and Business-Type Activities as shown on the Statement of Net Position. The following is a schedule of the future minimum lease payments for capital leases and the present value of net minimum lease payments as of December 31, 2012:

	Governmental Activities	Business-Type Activities
Building and Improvements	\$2,100,000	\$1,200,000
Equipment Machinery and Furniture	319,076	176,859
Vehicles	5,452,454	936,378
Total Capital Leases, being depreciated	7,871,530	2,313,237
Less Accumulated Depreciation		
Building and Improvements	1,050,000	600,000
Equipment Machinery and Furniture	159,538	88,430
Vehicles	2,166,918	383,709
Total Accumulated Depreciation	3,376,456	1,072,139
Capital Leases, Net	\$4,495,074	\$1,241,098
	Governmental Activities	Business-Type Activities
2013	\$1,251,810	\$418,107
2014	1,119,690	403,269
2015	1,097,706	406,228
2016	1,043,713	405,562
2017	1,006,608	405,727
2018-2022	1,206,955	864,316
Total minimum lease payments	6,726,482	2,903,209
Less: amount representing interest	(710,522)	(361,609)
Total	\$6,015,960	\$2,541,600

Note 13 – Leases (Continued)

B. Operating Leases

In 1997, the City renegotiated its lease agreement with the Lakewood Hospital Association (LHA) for its use of real and personal property owned by the City for the purpose of operating a hospital. Under the terms of the lease, the City will receive amounts ranging from \$1 million to \$1.225 million commencing in 1997 and continuing through 2026. Upon expiration of the lease term or the termination of this lease, LHA will surrender the leased property to the City.

Note 14 - Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The City's coverage for general liability, bodily injury and property damage to others, with Government Underwriter's Association Insurance Company is limited to \$1,000,000 per occurrence and has a \$2,000,000 aggregate limit per year. In addition, there is excess umbrella coverage of \$10,000,000 per occurrence, which has a \$10,000,000 aggregate limit per year.

Errors and omissions for public officials and police professional liability are \$1,000,000 per occurrence, and have a \$2,000,000 annual aggregate. Vehicles are covered for \$1,000,000 per each occurrence, no aggregate, with a \$5,000 deductible for comprehensive, \$5,000 deductible for collision.

The boiler and machinery is covered at \$112,654,118 with a \$10,000 deductible for all property.

Coverage for the City's buildings, furniture, fixtures, and contents has a limit of \$112,654,118, with a \$10,000 deductible. Inland marine coverage for all City property that moves has coverage of \$4,807,796 with a \$1,000 deductible and EDP equipment is covered at \$1,285,815 with a \$500 deductible.

Network Risk Insurance Policy covers Cyber liability at \$1,000,000 annual aggregate.

Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

The City maintains the Hospitalization Internal Service Fund to finance the cost of employee hospitalization and medical claims on a cost reimbursement basis. The City offers two plans to its employees that are funded through a third party administrator. Under these plans the third party administrator processes claims on behalf of the employees and bills the City for the amount of actual claims plus administrative costs. The City is liable for claims up to \$1,000,000. A specific excess loss coverage (stop loss) insurance policy covers claims in excess of \$1,000,000 per year.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 14 - Risk Management (Continued)

At December 31, 2012, \$264,031 was accrued for hospitalization and medical claims, representing an estimate of the amount to be paid for claims that have been incurred but not reported based on the requirements of GASB Statement No. 30, which requires a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported if information prior to the issuance of the financial statements and the amount of the loss can be reasonably estimated. The estimate was not affected by incremental claims adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Changes in the balances of claims liabilities during the past two years are as follows:

	2012	2011
Estimated claims payable January 1	\$408,994	\$452,711
Plus: Current year claims	4,532,754	5,116,978
Less: Claim payments	(4,677,717)	(5,160,695)
Estimated claims payable December 31	\$264,031	\$408,994

Historically, under the Ohio Workers' Compensation System for public employer taxing districts, there have been two types of rating plans: base rating and experience rating. Ohio laws were subsequently amended to include an additional plan called retrospective rating, which is offered to Ohio employers who meet the eligibility standards. Under the terms of the State of Ohio's retrospective rating plan, an employer initially pays a fraction of the premium (the minimum premium) it would pay as an experience-rated risk. As costs for the employer's injured workers' claims are incurred, the employer must reimburse the State for those costs, subject to the plans individual claim cost limitation and the employer's premium limitation.

During 1991, the City applied for and was accepted into the State of Ohio's Retrospective Rating Plan. The City has established a Workers' Compensation Self-Insurance Fund (an Internal Service Fund) to account for and pay workers' compensation claims from accumulated assets of the fund. The City's retrospective rating plan provides for an aggregate stop loss limit on premiums of 200 percent of the employer's normal premium in the year the claim occurred and a \$300,000 limit per individual claim.

As of March 1, 2006, the City became self insured as an alternate method of funding workers' compensation. The City contracts with a third party administrator, who in turn, processes all the claims.

At December 31, 2012, \$133,446 has been accrued for workers' compensation claims. The claims represent estimates of amounts to be paid for reported claims and incurred but not reported claims. It is calculated using trends in actual claims experience based on the requirements of GASB Statement No. 30, which requires a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported if information prior to the issuance of the financial statements and the amount of the loss can be reasonably estimated. The estimate was not affected by incremental claims adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Changes in the balance of claims liabilities during the past two years are as follows:

Estimated claims payable December 31	\$133,446	\$369,264

Note 15 - Defined Benefit Pension Plans

A. Ohio Public Employees Retirement System

Plan Description - The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the Traditional Pension and Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions and currently limits the employer contribution to a rate not to exceed 14 percent of covered payroll for state and local employer units and 18.1 percent of covered payroll for law enforcement and public safety employer units. Member contribution rates, as set in the Ohio Revised Code, are not to exceed 10 percent of covered payroll for members in State and local divisions and 12 percent for law enforcement and public safety members. For the year ended December 31, 2012, members in state and local classifications contributed 10 percent of covered payroll while public safety and law enforcement members contributed 11.0 percent and 11.6 percent, respectively. While members in the state and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the Traditional Pension Plan. For 2012, member and employer contribution rates were consistent across all three plans.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 15 - Defined Benefit Pension Plans (Continued)

The City's 2012 contribution rate was 14.0 percent, except for those plan members in law enforcement or public safety, for whom the City's contribution was 18.10 percent of covered payroll. The portion of employer contributions used to fund pension benefits is net of post-employment health care benefits. The portion of employer contribution allocated to health care for members in the Traditional Plan was 4.00 for 2012. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05 percent or 2012. Employer contribution rates are actuarially determined.

The City's required contributions for pension obligations to the Traditional and Combined plans for the years ended December 31, 2012, 2011, and 2010, were \$1,448,627 \$1,564,435, and \$1,352,366, respectively; 87 percent has been contributed for 2012 and 100 percent for 2011 and 2010. Contributions to the Member-Directed Plan for 2012 were \$27,812 made by the City and \$38,937 made by the plan members.

B. Ohio Police and Fire Pension Fund

Plan Description – The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy – The Ohio Revised Code requires plan members to contribute 10.0 percent of their annual covered salary, while employers are required to contribute 19.5 percent for police officers and 24.0 percent for firefighters.

The OP&F Pension Fund is authorized by the Ohio Revised Code to allocate a portion of the employer contributions to retiree health care benefits. The portion of employer contributions used to fund pension benefits was 12.75 percent of covered payroll for police officers and 17.25 percent of covered payroll for firefighters.

The City's pension contributions to OP&F for police and firefighters were \$896,221 and \$936,402 for the year ended December 31, 2012, \$921,634 and \$959,008 for the year ended December 31, 2011, and \$877,675 and \$925,438 for the year ended December 31, 2010. 72.36 percent has been contributed for police and 71.10 percent has been contributed for firefighters for 2012 with the balance for both police and firefighters being reported as intergovernmental payable.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 16 – Post-Employment Benefits

A. Ohio Public Employees Retirement System

Plan Description – Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan—a cost sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan—a defined contribution plan; and the Combined Plan—a cost sharing, multiple employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple-employer defined benefit post-employment health care plan for qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage. The plan includes a medical plan, prescription drug program, and Medicare Part B premium reimbursement.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The Ohio Revised Code permits, but does not mandate, OPERS to provide health care benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy – The post-employment health care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). The Ohio Revised Code provides the statutory authority requiring public employees to fund post-retirement health care through contributions to OPERS. A portion of each employer’s contribution to OPERS is set aside for funding of post-retirement health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2012, state and local employers contributed at a rate of 14.0 percent of covered payroll, and public safety and law enforcement employers contributed at 18.10 percent. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14 percent of covered payroll for state and local employer units and 18.1 percent of covered payroll for law and public safety employer units.

Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 4.0 percent for 2012. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05 percent for 2012.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment health care plan.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 16 – Post-Employment Benefits (Continued)

The City's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2012, 2011, and 2010 were \$579,518, \$625,774, and \$770,838, respectively; 87 percent has been contributed for 2012 with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2011 and 2010.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contributions toward the health care fund after the end of the transition period.

B. Ohio Police and Fire Pension Fund

Plan Description – The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored health care program, a cost-sharing, multiple-employer defined post-employment health care plan administered by OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No.45.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding policy –The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F defined benefits pension plan. Participating employers are required by the Ohio Revised Code to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.50 percent and 24.00 percent of covered payroll for police and fire employees, respectively.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 Trust and one for Medicare Part B reimbursements administered as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

City of Lakewood, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2012
(Continued)

Note 16 – Post-Employment Benefits (Continued)

The Board of Trustees is authorized to allocate a portion of the total employer contributions made to the pension plan to the Section 115 Trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For the year ended December 31, 2012, the employer contribution allocated to the health care plan was 6.75 percent of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and also is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees is also authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions to OP&F which were allocated to fund post-employment health care benefits for police and firefighters were \$474,683 and \$366,614 for the year ended December 31, 2012, \$487,924 and \$375,264 for the year ended December 31, 2011, and \$464,652 and \$362,128 for the year ended December 31, 2010. The full amount has been contributed for 2011 and 2010. 72.36 percent has been contributed for police and 71.10 percent has been contributed for firefighters for 2012 with the balance being reported as an intergovernmental payable.

Note 17 - Other Employee Benefits

A. *Compensated Absences*

City employees generally earn vacation and sick leave ranging from two to five weeks and fourteen to twenty-five days per year, respectively, based on length of service or hours worked for sick time. Vacation and sick leave accumulate on an hourly basis and are fully vested when earned. Accumulated vacation leave and accumulated sick days cannot exceed 50 or 120 days, respectively, at the end of any year. However, employees convert to cash, on a three-to-one basis, sick days accumulated in excess of 120 days. Twenty-five percent of unused sick leave plus any accumulated vacation leave is paid at termination, retirement or death.

In addition, employees of the City accumulate compensatory time for a portion of overtime hours worked based upon time and a half for police and fire department employees, and time and a half for other union employees. Employees are entitled to receive payments for their accumulated hours upon retirement or other termination from the City's payroll. Police and fire department employees can receive, on a quarterly basis for police and a semi-annual basis for fire, payments for portions of overtime accumulated, upon written request to the respective department Chief.

Fire Department personnel required to work a holiday are granted, at a later time, an eight or twenty-four hour off-duty period. All members may accumulate up to fourteen 24-hour holidays which would be paid at their hourly rate at the time of retirement or termination. Members have the option of receiving a payment of up to 144 holiday hours in lieu of time off. Payment for these hours is received in January of the following year. Police Department personnel who are required to work a holiday are granted a day off at a later time. Members have the option of receiving a payment of up to 120 holiday hours in lieu of time off. Payment for these hours is received in January of the following year.

City of Lakewood, Ohio

(Continued)

Note 17 - Other Employee Benefits (Continued)

B. Health and Life Insurance

City employees may choose between two health insurance providers. Medical Mutual serves as the third party administrator for the self-insured medical and health coverage to City employees. Kaiser Permanente is a traditionally funded HMO. For those employees choosing Kaiser Permanente, the monthly insurance premiums are paid by the City and partly by the employees. Minnesota Life Insurance Company provides life insurance and accidental death and dismemberment insurance to the City's employees.

Note 18 - Jointly Governed Organization

The West Shore Council of Governments helps foster cooperation between municipalities in areas affecting health, safety, welfare, education, economic conditions and regional development. The Board of Directors is comprised of one member from each of the six participating municipalities. The Board of Directors exercises total control over the operation of the Council including budgeting, appropriating, contracting and designating management. Budgets are adopted by the board. Each City's degree of control is limited to its representation on the Board of Directors. In 2012, the City contributed \$89,790.

Note 19 – Contractual Commitments

The following were significant contractual commitments outstanding at December 31, 2012.

Project	Contract Amount	Amount Paid	Amount Remaining
Refuse Facility Improvements	\$739,000	\$718,877	\$20,123

Fund Descriptions – Nonmajor Governmental Funds

Non-Major Special Revenue Funds

Special Revenue funds are established to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. A description of the City's special revenue funds follows:

Street and Highway Fund	To account for and report restricted State gasoline tax and motor vehicle registration fees designated for maintenance of streets within the City as required by the Ohio Revised Code.
Office on Aging Fund	To account for and report grants received from the Ohio Department of Aging restricted for the various programs assisting the senior citizens in the City.
Lakewood Hospital Fund	To account for and report ambulance service fees committed to providing emergency medical services (paramedic), lease payments received from Lakewood Hospital Association and various licenses, permits and fees.
Energy Efficiency Block Grant Fund	To account for and report grants received from United States Department of Energy restricted for costs associated with energy savings in municipal buildings.
Homeless Prevention Fund	To account for and report received from the Department of Development restricted for providing individuals with financial assistance and services.
Neighborhood Stabilization Fund	To account for and report grants received from the United States Department of Housing and Urban Development (HUD) restricted for assisting communities in purchasing for demolition or rehab housing structures in the City.
Byrne Memorial Grant Fund	To account for and report grants received from the Federal government restricted to provide safety programs for the City.
Litter Control Grant Fund	To account for and report grants received from Ohio Department of Natural Resources restricted to assist with community cleanup and litter enforcement projects within the City.
Law and Drug Enforcement Trust Fund	To account for and report seized in the commitment of a felony and awarded to the City. Restricted for the purchases of equipment for use in the Police Department.
Federal Forfeiture Fund	To account for and report federal forfeitures restricted for specific law enforcement purposes.

Fund Descriptions – Nonmajor Governmental Funds

Indigent Drivers Alcohol Treatment Fund	To account for and report fines from persons convicted of “Driving while under the influence of alcohol (D.U.I.)” that are restricted for the rehabilitation of D.U.I. indigent citizens.
Enforcement and Education Fund	To account for and report fines imposed by the Courts which are used for programs aimed at further education and enforcement of D.U.I. laws, restricted for education and enforcement of D.U.I. laws.
Political Subdivision Fund	To account for and report fines imposed by the Courts which are restricted cost related to housing the D.U.I offender.
Computer Research and Maintenance Fund	To account for and report fines imposed by the Courts which are restricted to provide computerized research services and maintenance of the Court’s computer system.
Court Special Projects Fund	To account for and report fines imposed by the Courts which are restricted for Special Projects of the Lakewood Municipal Court.
Court Probation Services Fund	To account for and report fines imposed by the Courts which are restricted used for the operations of the Probation Department of the Lakewood Municipal Court.
Indigent Drivers Interlock and Alcohol Monitoring Fund (IDIAM)	To account for and report State grants received and restricted to cover costs of immobilizing or disabling devices for indigent defendants.
Emergency Shelter Grant Fund	To account for and report grants received from the United States Department of Housing and Urban Development (HUD) and restricted to funds the renovation, rehabilitation or conversion of buildings for use as emergency shelters for the homeless.
HOME Investment Program Fund	To account for and report grants from the United States Department of Housing and Urban Development (HUD) restricted to help first-time homebuyers with low and moderate income to purchase a new home.
Help-to-Others Fund	To account for and report camp registrations fees and donations committed to fund a youth program that promotes volunteerism.
Juvenile Diversion Fund	To account for and report grants received from Cuyahoga County restricted to establish or expand community policing programs.

Fund Descriptions – Nonmajor Proprietary Funds

Nonmajor Enterprise Funds

Enterprise Funds are established to account for operations that are financed by user charges for goods or services provided primarily to the general public.

Parking Facilities Fund

To account for and report the off-street parking services provided by the City.

Winterhurst Ice Rink Fund

To account for and report the revenues and costs of operating the municipal ice rink facility.

Internal Service Funds

Internal Service Funds are established to account for the financing of significant goods or services provided by one department or agency to other departments or agencies of the City, or other governments on a cost reimbursement basis.

Hospitalization Fund

To account for and report the premiums charged to City funds and the payments incurred for claims.

Workers' Compensation Fund

To account for and report workers' compensation costs incurred under the State's retrospectively rated workers' compensation program.

Fund Descriptions – Fiduciary Funds

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. Agency funds are purely custodial (assets equals liabilities) and thus do not involve measurement of results of operations.

Agency Funds

Deposits

To hold and report funds received from a contractor, developer, or individual to ensure compliance with the ordinances of the City of Lakewood.

City of Lakewood, Ohio

Statistical Section

This part of City's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<u>Contents</u>	<u>Page(s)</u>
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	S2 – S13
Revenue Capacity These schedules contain information to help the reader assess the City's most significant local revenue sources, property taxes and municipal income taxes.	S14 – S20
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	S21 – S29
Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the City's financial activities take place.	S30 – S31
Operating Information These schedules contain service data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	S32 – S39

Sources: Unless otherwise noted, the information in these schedules is derived from the basic financial statements for the relevant year. The City implemented GASB Statement No. 34 in 2004; schedules presenting government-wide information include information beginning in that year.

Real Property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed in previous years at 25 percent for machinery and equipment and 23 percent for inventories. General business tangible personal property tax was phased out beginning in 2006. Both types of general business tangible personal property were assessed at 12.50 for 2007, 6.25 percent for 2008 zero for 2009. Beginning in 2007, House Bill 66 switched telephone companies from being public utilities to general business taxpayers and began a four year phase out of the tangible personal property tax on local interexchange telephone companies. No tangible personal property taxes were levied or collected in 2009 from general business taxpayers (except telephone companies whose last year to pay tangible personal property tax is 2010). During 2011, the City did not include an assessed value for general business tangible personal property.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent and homestead exemptions before being billed. The 10 percent rollback for commercial/industrial property was eliminated in 2006.

Source: Cuyahoga County, Ohio; County Auditor

Note:

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year. The City's basic property tax rate may be increased only by a majority vote of the City's residents.

Charter millage is consistently applied to all types of property as opposed to the voted levies of the overlapping taxing districts.

Overlapping rates are those of local and county governments that apply to property owners within the City.

Voted levies of overlapping governments are adjusted so that inflationary increases in value do not generate additional real property taxes.

(1) Includes Cuyahoga Community College District and Cleveland-Cuyahoga County Port Authority

(2) Includes Lakewood Public Library and Cleveland Metropolitan Park District
