ENSURING RESPONSIBLE SPENDING OF RECOVERY ACT FUNDS

Funding available under the Recovery Act has clear purposes – to stimulate the economy through measures that modernize the Nation’s infrastructure, improve energy efficiency, and expand educational opportunities and access to health care. HUD strongly urges grantees to use CDBG-R funds for hard development costs associated with infrastructure activities that provide basic services to residents or activities that promote energy efficiency and conservation through rehabilitation or retrofitting of existing buildings. While the full range of CDBG activities is available to grantees, the Department strongly suggests that grantees incorporate consideration of the public perception of the intent of the Recovery Act in identifying and selecting projects for CDBG-R funding.

A. SPREADSHEET FOR REPORTING PROPOSED CDBG-R ACTIVITIES

Grantees must provide information concerning CDBG-R assisted activities in an electronic spreadsheet provided by HUD. The information that must be reported in the spreadsheet includes activity name, activity description, CDBG-R dollar amount budgeted, eligibility category, national objective citation, additional Recovery Act funds for the activity received from other programs, and total activity budget. An electronic copy of the spreadsheet and the format is available on HUD’s recovery website at <http://www.hud.gov/recovery>.

CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)

(1) Activity Name:

LMA Road Reconstruction

(2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

This project will preserve jobs that would have otherwise been lost in the road construction industry. By being able to finance these road reconstruction projects the companies will avoid layoffs. The road reconstruction will additionally stimulate the economy by making more streets in Lakewood passable, helping to promote commerce, stable homeownership, and job creation on and near these arteries. This transportation infrastructure investment will provide economic benefits to the residents and businesses in the community long after the work is completed.

(3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

This project is expected to retain 10 full-time jobs.

(4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

This project will help reduce emissions by making the streets more easily passable, providing more direct routes throughout the city.

(5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

This project will be implemented through the Department of Public Works, City of Lakewood and their contractors. Joe Beno, Department Director 12650 Detroit Ave, Lakewood, OH 216-529-7580 (main)

CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)

(6) Activity Name:

ITA Road Reconstruction

(7) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

This project will preserve jobs that would have otherwise been lost in the road construction industry. By being able to finance these road reconstruction projects the companies will avoid layoffs. The road reconstruction will additionally stimulate the economy by making more streets in Lakewood passable, helping to promote commerce, stable homeownership, and job creation on and near these arteries. This transportation infrastructure investment will provide economic benefits to the residents and businesses in the community long after the work is completed.

(8) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

This project is expected to retain 10 full-time jobs.

(9) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

This project will help reduce emissions by making the streets more easily passable, providing more direct routes throughout the city.

(10) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

This project will be implemented through the Department of Public Works, City of Lakewood and their contractors. Joe Beno, Department Director 12650 Detroit Ave, Lakewood, OH 216-529-7580 (main)

B. CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)

(11) Activity Name:

Administration

(12) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

These funds will be used for eligible grants administration and planning activities related to the functions of the ARRA. Most of this will be accomplished through helping Lakewood businesses create jobs and promote economic recovery within the city as well as plan for Lakewood's future.

(13) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

1 part-time position (temporary)

(14) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

The Planning & Development Department is focused in promoted these efforts, in particular, reducing energy consumption/energy conservation, and getting involved in green building technologies.

(15) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

This activity will be part of the City of Lakewood Planning & Development Department and its staff. Nathan Kelly, Director 12650 Detroit Ave. 216-529-6630

C. PUBLIC COMMENT

Provide a summary of public comments received to the proposed CDBG-R Substantial Amendment.

Note: A Proposed CDBG-R Substantial Amendment must be published via the usual methods and posted on the jurisdiction's website for no less than 7 calendar days for public comment.

Response:

Public comment period is open. Comments will be accepted through 4pm Monday, June 1

Please submit comments prior to the deadline to:
