*Step Up To Quality (SUTQ) is a five-star quality rating and improvement system administered by the Ohio Department of Education and the Ohio Department of Job and Family Services. SUTQ recognizes and promotes learning and development programs that meet quality program standards that exceed licensing health and safety regulations. All publicly funded early learning and development programs are required to participate in Step Up To Quality as a condition of funding. At this time the program is voluntary for those programs not receiving public funds.
