

Questions from Randy in preparation for Foundation Planning Task Force Retreat

- 1) What, in your opinion, should be the focus of the Wellness Foundation?

- 2) Who are the key community stakeholders that should be interviewed (organizations, groups, individuals, etc.).

- 3) Which expert opinions or perspectives should be brought before the Task Force for presentations and Q&A?

- 4) What is the biggest mistake the Task Force can make that you would hope to avoid?

- 5) What would be a successful outcome for this overall process?

(All responses should be fairly brief!)
