

Below is the Agenda that was used for the 4-15-2015 Community meeting about what is a Community Wellness Foundation. This was followed by a discussion about some well-known local wellness foundations, how they evolved, and how they developed their mission. At the end of the meeting was a participation discussion on what a wellness foundation might look like to the attendees followed by a survey to rank what they thought would be important aspects of a Lakewood Wellness Foundation. Finally, the group was given an opportunity to submit questions and comments. The survey tally is attached as well as a list of all the questions and concerns posed by the audience.

City of Lakewood
